Mr. Daljit Parmar
Mr. Kabir Ali
Doxa Productions Ltd.

To whom it may concern

I have had an opportunity to view a series of public service announcements on the effects of impaired driving that Mr. Parmar and Mr. Ali produced. I found the production was both professional and visually compelling in candidly representing the effects of drinking and driving.

I recently met with Mr. Ali and Mr. Parmar regarding their current proposal to produce not only public service announcements, but also brochures on the effects of gang violence. I was presented with a series of scripts and found them to be pertinent, effective and to the point.

I support this initiative and have committed to assisting in the production in whatever capacity Mr. Parmar and Mr. Ali deem appropriate.

Sincerely,

Shinder Kirk
